Dear Sandoval and Sons personell,

I just want to thank you so much for the great job you did on the remodel of my pool and the great water feature you built! My kids enjoy the backyard so much more now that they can invite all their friends over to our house. I am very pleased with the manner that everyone conducted themselves, always cleaning up and taking the time to take care of my personal property. Such a joy to work with a company that truly has pride in their workmanship. Communication was a key factor!

Once again, thank you so much for a great backyard!

Jim & Kay Johnson  
Gilbert, AZ.
